PROFESSIONAL EXPERIENCE

Aerial Technician

2019

Ridgeline Telecom, San Bernardino, CA

- Created and implemented innovative aerial pole designs to provide internet, digital, tv, radio and satellite communications to commercial and household customers, pitching over 100 proposals to customers.
- Analyzed field data and images to develop packages for telecommunications' pole designs, over 90% of the packages were adopted by Ridgeline.
 - Interpret geospatial data to proposals for aerial mapping products.
- Conduct comprehensive pole loading analyses to ensure feasibility for service offerings to customers.

International Media Intern

2018

Brutal Media International, Barcelona, Spain

- Collaborated with the Senior Editor to develop and approve final production for television show, towards increasing audience viewership by 80%.
 - Television Show: "This Is Art: Season 1."
- Translate screenplays from Catalan and Spanish languages to English. I created subtitles and ensured that they aligned with actors' verbiage/actions to drive international viewer engagement.
- Manage the delivery of props, hard drives and all other equipment necessary to produce the show.

Busser

2015-2016

Red Lobster Restaurant, Ontario/Montclair, CA

2011-2013

- Ensure that the restaurant's tables/chairs were sanitized, increasing adherence to food safety regulations by 90%.
- Verify that food products were both safe and appealing to guests, growing repeat customer visits.

Lab Assistant

2013

Chaffey College, Broadcasting & Cinema Department, Rancho Cucamonga, CA

- Monitor, review, and approve on-air Chaffey College Radio broadcasts and live radio streaming protocols, ensuring content continuity and growing listener audience by 85%.
- Install and troubleshoot apps towards facilitating production of 1630 AM Radio Broadcasting Show.

- Oversee equipment loan program to students, including tripods, cameras and lighting kits. The equipment was worth an estimated \$100,000.
-
